

| SAFETY DATA SHEET       |
|-------------------------|
| Issuing Date: June 2018 |
| Revision: 0             |
| Page 1 of 10            |

## 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY UNDERTAKING

### 1.1. Product Identifier

|                            |                     |
|----------------------------|---------------------|
| Trade Name:                | <b>FOAM REMOVER</b> |
| Additional identification: | CH0007              |

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Application of the substance/the preparation: **Aqueous emulsion of polydimethylsiloxane**

Uses advised against: None in particular

### 1.3. Details of the supplier of the safety data sheet

|                                |  |
|--------------------------------|--|
| Supplier(Only representative): | -  |
| Supplier(Importer):            | Wilton Bradley Europe B.V.                             |
| Address:                       | Barbara Strozilaan 201, 1083HN, Amsterdam, Netherlands |
| Contact person(E-mail):        | sales@wiltonbradley.co.uk                              |
| Telephone:                     | +44 (0)1626 835400                                     |
| Fax:                           | +44 (0)1626 836656                                     |

### 1.4. Emergency telephone number

+44 (0)333 301 0644

Available outside office hours?

YES

NO

## 2. HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

Classification according to Regulation EC n° 1999/45/CEE:

|                    |  |
|--------------------|--|
| Classification:    |  |
| Hazard statements: | Skin Irrit. Cat. 2, H315: Causes skin irritation<br>Eye Irrit. Cat. 2, H319: Causes serious eye irritation<br>Skin sens. Cat. 1, H317: May cause an allergic skin reaction |

### 2.2. Label elements

According to Regulation EC 1272/2008 (CLP)

|                    |   |
|--------------------|---|
| Hazard Pictograms: |  |
| Signal word:       | Caution   |

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 2 of 10

|                           |  |
|---------------------------|--|
| Hazard statements:        | H315: Causes skin irritation<br>H317: May cause an allergic skin reaction<br>H319: Causes serious eye irritation   |
| Precautionary statements: | <i>Prevention</i><br>P264: Wash thoroughly after handling.<br>P280: Wear protective gloves/protective clothing/eye protection/face protection<br><i>Response</i><br>P333+P313: If skin irritation or a rash occurs: Get medical advice/attention.<br>P337+P313: If eye irritation persists get medical advice/attention.<br><i>Disposal</i><br>P501: Dispose of contents/container as dangerous waste according to law |

**2.3. Other hazards**

No information on further hazards

**3. COMPOSITION/INFORMATION ON INGREDIENTS****3.1. Substances: N.A.****3.2 Mixture****The product is a mixture****Hazardous components under the CLP Regulation and related classification**

|  |  |         |
|--|--|---------|
| CAS: 69011 – 36 - 5                    | Isotridecanol, ethoxylate<br>3.3 / 1 Eye Dam Cat 1<br>H318: Causes serious eye damage<br>4.1 / C3 Aquatic Chronic Cat. 3<br>H412: Harmful to aquatic life with long lasting effects  | < 0.5 % |
| CAS: 55965-84-9<br>Index: 613-167-00-5 | Mixture of: 5-chloro-2-methyl-2H-isothiazol-3-one [EC no. 247-500-7]; 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3: 1)<br>3.2 / 1B Skin Corr. 1B<br>H314: Causes severe skin burns and eye damage.<br>3.4.2 / 1-1A-1B Skin Sens. 1,1A, 1B<br>H317: May cause an allergic skin reaction.<br>4.1 / A1 Aquatic Acute 1<br>H400: Very toxic to aquatic organisms.<br>4.1 / C1 Aquatic Chronic 1<br>H410: Very toxic to aquatic life with | < 0.15% |

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 3 of 10

long lasting effects.  
 3.1 / 3 / Oral Acute Tox. 3  
 H301: Toxic if swallowed.  
 3.1 / 3 / Dermal Acute Tox.3  
 H311: Toxic in contact with skin.  
 3.1 / 3 / Inhal Acute Tox. 3  
 H331: Toxic if inhaled.

Refer to section 16 for the full text of risk phrases and hazard

**4. FIRST AID MEASURES****4.3 Description of first aid measures**

|                     |  |
|---------------------|--|
| After inhalation:   | Ventilate the room. Immediately remove the patient from the contaminated environment in order to rest in a well ventilated area. If you feel sick get medical advice.  |
| After skin contact: | Remove contaminated clothing.<br>Wash immediately with running water and soap the areas of the body that have come in contact with the product, even if only suspected.  |
| After eye contact:  | Wash immediately and thoroughly with running water keeping eyelids open for at least 10 minutes, then protect your eyes with dry sterile gauze. Seek medical advice immediately.<br>Do not use eye drops or ointment of any kind prior to the visit or advice. |
| After swallowing:   | It's possible to give charcoal in water or liquid paraffin. Consult your doctor. Do not induce vomiting without medical advice.  |

**4.4 Most important symptoms and effects, both acute and delayed**

No data available

**4.5 Indication of any immediate medical attention and special treatment needed**

No data available

**5. FIREFIGHTING MEASURES****5.1 Extinguishing media**

|                                     |   |
|-------------------------------------|---|
| Suitable extinguishing agents:      | Water spray, CO <sub>2</sub> , foam, dry chemical, depending on the materials involved in the fire. |
| Extinguishing agents to be avoided: | Waterjets. Use jets of water only to cool the containers surfaces exposed to fire.                  |

**5.2 Special hazards arising from the substance or mixture**

No data available

**5.3 Advice for firefighters**

Use protection for the respiratory.  
 Safety helmet and full protective clothing.

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 4 of 10

The water spray can be used to protect the people involved in firefighting  
It is suggested to use respirators, especially if the operations take place in a closed, poorly ventilated area and in any case, if it is used halogenated extinguishing agents (Halon 1211 fluobrene, Solkane 123, naphthalene, etc...)  
Cool containers with waterjets.

**6. ACCIDENTAL RELEASE MEASURES****6.1 Personal precautions, protective equipment and emergency procedures**

|                                  |  |
|----------------------------------|--|
| For those not directly involved: | Wear gloves and protective clothing  |
| For those directly involved:     | Wear gloves and protective clothing.<br>Eliminate all flames and possible sources of ignition. No smoking.<br>Provide adequate ventilation.<br>Evacuate danger area and, where appropriate, consult an expert. |

**6.2 Environmental precautions**

Limit leakages with earth or sand.  
If the product has entered a watercourse, sewer system or has contaminated soil or vegetation, notify the authorities.  
Dispose the residue in compliance with the regulations.

**6.3 Methods and material for containment and clearing up**

Collect rapidly the product wearing a mask and protective clothing.  
Recover the product for reuse, if possible, or for disposal. Possibly absorbing it with inert material.  
Prevent it from entering the sewer system.  
After collection, rinse with water the area and the materials involved.

**6.4 Reference to other sections**

See sections 8 and 13 for further information

**7. HANDLING AND STORAGE****7.1 Precautions for safe handling**

Avoid contact with skin and eyes, inhalation of vapors and mists.  
Do not use empty containers before they have been cleaned.  
Before transfer operations, make sure that there are no residual incompatible materials in the containers.  
Contaminated clothing must be replaced before entering dining areas.  
At work do not eat or drink.  
Please also refer to paragraph 8 for recommended protective devices.

**7.2 Conditions for safe storage, including any incompatibilities**

Keep away from food, drink and feed.  
Incompatible materials:  
None in particular. See also paragraph 10 below.  
Indication for the premises:

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 5 of 10

Adequately ventilated premises.

**7.3 Specific end use(s)**

Follow the rules of good hygiene in the workplace.

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****8.1 Control parameters**

Occupational exposure control: keep the work area well ventilated.

No occupational exposure limits are available

DNEL exposure limit values

N.A.

PNEC exposure limit values

N.A.

**8.2 Exposure Controls**

Personal protective equipment

a) Eye protection / face protection: When handling pure product wear safety goggles (splash goggles) (EN 166).

b) Skin protection; i) Hand Protection: Not needed for normal use.  
ii) Other: wear workwear

c) Respiratory Protection: Not needed for normal use.

d) Thermal Hazards: No hazards to be reported

Environmental exposure controls:

Minimise release to the environment.

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 6 of 10

**9. PHYSICAL AND CHEMICAL PROPERTIES**

| Physical and Chemical properties        | Value          | Measuring Method |
|---|----------------|------------------|
| Appearance                              | White emulsion |                  |
| Odour                                   | N.A.           |                  |
| Olfactory threshold                     | Not determined |                  |
| pH sol 2%                               | 7,0 ± 0,5      |                  |
| Melting / freezing point                | Not determined |                  |
| Initial boiling point and boiling range | Not determined |                  |
| Flash Point                             | Not applicable |                  |
| Evaporation rate                        | Not determined |                  |
| Flammability (solid, gas)               | Not applicable |                  |
| Upper / Lower Flammable or Explosive    | Not applicable |                  |
| Vapour pressure                         | Not determined |                  |
| Vapor density                           | Not determined |                  |
| Relative density                        | Not determined |                  |
| Solubility                              | Not determined |                  |
| Idrosolubility                          | Always         |                  |
| Partition coefficient: n-octanol/water  | Not determined |                  |
| Auto-ignition temperature               | Not determined |                  |
| Decomposition temperature               | Not determined |                  |
| Viscosity                               | Not determined |                  |
| Explosive properties                    | Not determined |                  |
| Oxidising properties                    | Not determined |                  |

**10. STABILITY AND REACTIVITY****10.1 Reactivity**

No dangerous reactions known if stored and handled as prescribed

**10.2 Stability**

Stable under normal conditions of use.

**10.3 Possibility of hazardous reactions**

Stable under normal conditions of use.

**10.4 Conditions to avoid**

None

**10.5 Incompatible materials**

None

**10.6 Hazardous decomposition products**

No hazardous decomposition products.

**11. TOXICOLOGICAL INFORMATION**

| <b>11.1 Information on toxicological effects</b>          |   |
|---|---|
| Acute toxicity  | Not classified<br>Based on the available data, the classification criteria are not met. |
| Skin corrosion / irritation                               | Skin Irrit. 2 H315  |
| Serious eye damage / eye irritation                       | Eye Irrit. 2 H319   |
| Respiratory or skin sensitization                         | Skin Sens. 1 H317   |
| Germ cell mutagenicity                                    | Not classified<br>Based on the available data, the classification criteria are not met. |
| Carcinogenicity   | Not classified<br>Based on the available data, the classification criteria are not met. |
| Reproductive toxicity                                     | Not classified<br>Based on the available data, the classification criteria are not met. |
| Specific target organ toxicity (STOT) - single exposure   | Not classified<br>Based on the available data, the classification criteria are not met. |
| Specific target organ toxicity (STOT) - repeated exposure | Not classified<br>Based on the available data, the classification criteria are not met. |
| Danger in case of aspiration                              | Not classified<br>Based on the available data, the classification criteria are not met. |
| Additional information                                    | None  |

**12. ECOLOGICAL INFORMATION**

| <b>12.1 Toxicity</b>                      |                           |
|---|---------------------------|
| Aquatic toxicity                          |                           |
| Fish:                                     | Not determined (OECD 203) |
| Dafnie:                                   | Not determined (OECD 202) |
| Seaweed                                   | Not determined (OECD 201) |
| Bacteria                                  | Not determined (OECD 202) |
| <b>12.2 Persistence and degradability</b> |                           |
| No data available                         |                           |

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 8 of 10

**12.3 Bioaccumulative potential**

Not bioaccumulative.

**12.4 Mobility in soil**

No data available

**12.5 Results of PBT and vPvB assesment**

There is no report on safety data sheet.

**12.6 Other adverse effects**

No adverse effects reported

**13. DISPOSAL CONSIDERATIONS****13.1 Waste treatment methods**

Do not reuse empty containers. Dispose of in compliance with the regulations. Any remaining product should be eliminated according to regulations and using companies legally authorized for elimination of waste.

Recover if possible. Send to authorized disposal plants or for incineration under controlled conditions. Conform to local and national regulations.

**14. TRANSPORT INFORMATION****14.1 ONU number**

Not within the scope of the EU Directive 96/86/EC and implemented by the Italian legislation concerning the transport of dangerous goods by road (A.D.R).

**14.2 UN proper shipping name**

None

**14.3 Danger class connected to transport**

None

**14.4 Packing Group**

None

**14.5 Environmental hazards**

None

**14.6 Special precautions for users**

No data available

**14.7 Transport in bulk according to annex II of MARPOL 73/78 and the IBC code**

Not applicable

**15. REGULATORY INFORMATION****15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**

- Legislative Decree 9/4/2008 n. 81
- D. M. Work 26/02/2004 (Occupational exposure limits)
- Regulation (EC) n. 1907/2006 (REACH)
- Regulation (EC) n. 1272/2008 (CLP)
- Regulation (EC) n. 790/2009 (ATP 1 CLP) and (EU) n. 758/2013
- Regulation (EU) 2015/830
- Regulation (EU) n. 286/2011 (ATP 2 CLP)
- Regulation (EU) n. 618/2012 (ATP 3 CLP)
- Regulation (EU) n. 487/2013 (ATP 4 CLP)
- Regulation (EU) n. 944/2013 (ATP 5 CLP)
- Regulation (EU) n. 605/2014 (ATP 6 CLP)
- Regulation (EU) n. 2015/1221 (ATP 7 CLP)
- Restrictions relating to the product or the substances contained according to Annex XVII of Regulation (EC) 1907/2006 (REACH) and subsequent adjustments:
- Restrictions related to the product: Restriction 3
- Restrictions relating to the substances contained: No restrictions.
- Where applicable, refer to the following regulations:
- Ministerial circulars 46 and 61 (aromatic amines).
- Directive 2012/18 / EU (Seveso III)
- Regulation 648/2004 / CE (Detergents).
- D. L. 3/4/2006 n. 152 Environmental regulations
- Dir. 2004/42 / CE (VOC Directive)
- Provisions relating to EU directive 2012/18 (Seveso III):
- Seveso Category III in accordance with Annex 1, part 1
- Nobody

**15.2 Chemical safety assessment**

A Chemical Safety Assessment has not been carried out

**SAFETY DATA SHEET**

Issuing Date: June 2018

Revision: 0

Page 10 of 10

**16. OTHER INFORMATION****16.1 Other information**

Description of danger phrases set out in paragraph 3

H318 Causes serious eye damage.  
H412 Harmful to aquatic life with long lasting effects.  
H314 Causes severe skin burns and eye damage.  
H317 May cause an allergic skin reaction.  
H400 Very toxic to aquatic organisms.  
H410 Very toxic to aquatic life with long lasting effects.  
H301 Toxic if swallowed.  
H311 Toxic in contact with skin.

Do not use the product for purposes other than those indicated in the Specifications.

**ADVICE FOR USERS**

The information contained herein is based on knowledge available at the time of issuing according to regulations relating to safety, health, environmental protection and proper use of the product.

The user must be aware of the possible risks associated with use of the product other than the one for which the product is delivered.

The MSDS is not in any way excuse for the user from not knowing and applying all the regulations ruling its activities. The totality of the regulations mentioned is intended to help the user to fulfill its obligations regarding the use of hazardous products.

This does not exonerate the user from ensuring that legal obligations other than those mentioned and regulating property and use of the product of which is solely responsible.

\*\*\* This sheet supersedes all previous editions.
